

IETE AIC 2021

Publications of Selected Papers in the IETE Journal of Research (SCI, IF 1.24)

Top 12-13 presented papers will be uploaded for publication in the Special Issue of the IETE Journal of Research (SCI IF 1.24) (Confirmed), <https://mc.manuscriptcentral.com/tijr>, Taylor & Francis.

Top twelve-thirteen accepted and presented papers will be uploaded into this Special Issue of IETE Journal of Research, “**IoT, Sensor Networks and Block Chain Technology for Smart Cities and Societies**”.

Prior to the acceptance of the paper, we shall check the plagiarism using Turnitin Software and it will be clearly spelt into the acceptance letter that if more that 10 % similarities are found the paper will be rejected at any stage.

To prepare the extended version Requirements are

1. Change the title
2. Change the abstract (at least 40% additional work is to be reflected)
3. Proposed work/methodology --> at least 40% additional work with comparison of improvement with the presented paper
4. Results of enhanced methodology (at least 40% additional results as compared to the presented paper)
5. Comparison with existing reported literature and at least one or two improvements has to be reported
6. Future scope for additional work needs to be proposed
7. State of the art reference (upto July 2021) needs to be provided and authors may delete the old references
8. Plagiarism/ similarities should not exceed 10 % in total and should not be more than 5% from a single source.

The authors will be asked to carefully consider the above mentioned 8-points, and submit the manuscript into the special issue of IETE Journal of research.
