About IETE

Established in 1953, The Institution of Electronics and Telecommunication Engineers (IETE) is a premier national professional body committed to the advancement of science and technology in the fields of Electronics, Telecommunications, Computer Science, Information Technology and allied subjects. With a membership of over 125,000 and 64 Centres in India and 03 in abroad, the Institution promotes research, technical education, professional development and knowledge dissemination through conferences, symposia, technical publications, continuing education and skill development programmes. IETE is recognized by the Government of India as a Scientific and Industrial Research Organization (SIRO).

About IETE Kolkata Centre

The IETE Kolkata Centre is one of the prominent regional Centres of The Institution of Electronics and Telecommunication Engineers (IETE), serving professionals, academicians and students across West Bengal and neighbouring states. Located in the Electronics Complex at Salt Lake, Sector V, Kolkata, the Centre is situated at the heart of the region's vibrant technology ecosystem. The Centre regularly organises technical seminars, workshops, symposia, conferences and expert lectures in collaboration with universities, research

institutions, industry and government organisations. It serves as an important platform for fostering interaction between academia and industry, facilitating knowledge exchange and professional development. The Centre is also actively engaged in student development through its Student Forums in engineering institutions across West Bengal, encouraging young professionals to participate in technical competitions, projects and other academic activities.

About AIC

The Annual IETE Conference (AIC) is the flagship event of The Institution of Electronics and Telecommunication Engineers (IETE). This Conference serves as a platform for promoting technological innovation, research and knowledge exchange among professionals, academicians, researchers, industry experts and students.

The inaugural programme of AIC–2026 will bring together eminent academicians from leading national institutions and universities, members of the IETE Governing Council, distinguished Fellows, Lifetime Achievement Award recipients and other eminent awardees. Senior representatives from organisations such as DRDO and ISRO, Vice-Chancellors of leading universities, and distinguished dignitaries from government and industry are also expected to participate.

A major highlight of the Conference is the Annual IETE Awards Ceremony, during which more than 45 awards will be presented in recognition of outstanding contributions in various fields of electronics, telecommunications and information technology. The awardees include eminent professionals and academicians from premier institutions such as IITs, NITs, universities and leading research and development organisations in India and abroad.

AIC–2026 will also feature the Fifth International Conference on **Network Security and Blockchain Technology (ICNSBT–2026)**. The conference is being organised by IETE in association with the Computer Society of India (CSI), Kolkata Chapter. Selected proceedings of ICNSBT–2026 are proposed to be published by Springer Nature in a Scopus-indexed series.

The inaugural programme of AIC–2026 will be held on 25 September 2026 at the Dr Jaya DebRoy Auditorium, RCC Institute of Information Technology (RCCIIT), Kolkata.

Call for participation

In the rapidly evolving field of Information and Communication Technology (ICT), AIC–2026 provides a platform for researchers, academicians and professionals to present their recent research findings, exchange innovative ideas, seek constructive feedback, and explore opportunities for collaboration in emerging areas of Network Security and Blockchain Technology.

Researchers and professionals are cordially invited to participate in AIC–2026 and contribute their recent research work to this platform for knowledge sharing and academic exchange.

Publication

Publication will be done by the Springer Nature in Scopus indexed series.
